Hello, I just wanted to leave this note saying never to take down this guestbook. It's a medley of nostalgia that I'd hate to see go. Just scrolling down for a couple minutes made me see a few of the great people I've met in my life, and the list is long. There's even an entry from me near the bottom when I was in 6th grade. The guestbook is, in itself, something of a history of the school. I enjoyed reading through some of the entries. I hope all my former classmates and teachers are enjoying themselves and have moved onto better things. Good luck to this year's eighth grade class and all those that will follow.

I graduated from Incarnation School in 1951. Shortly afterwards my family moved to Reseda. I was born in Glendale in 1937, and moved to Incarnation Parish in 1938, when my brother, Gary, was born. I got your website at the booth at the Religious Education Congress this past weekend. Reading the history of the parish brought back a lot of memories!

I really enjoyed the musical group that performed during the Southern California Renewal Convention in Anahiem California. They were inspirational and they can dance too!
