PHILOSOPHY

We, the Catholic Community of Incarnation School, believe that every child is created in God's image and is called by God to make a personal positive contribution to our world. As a Catholic Community, we work and worship together to form each child in Christ.

We believe that parents are the primary educators of the child, and teachers direct and inspire the learning. We believe that the clergy and the administration are the bond of leadership and love in our Catholic Community.

We believe that learning is the interaction between a dedicated teacher and a motivated student, and each student should be challenged to fulfill his/her potential. Our Catholic Community nurtures and promotes an appreciation of our own and other religions and cultures. Our Catholic faith guides the child to make virtuous life choices. We believe that a Catholic academic education develops a mind that is capable of making decisions according to Catholic doctrine.

Incarnation Parish School is a Catholic educational community of students, parents, faculty, administrators, clergy and supportive personnel.

MISSION STATEMENT

Our mission is to provide a Catholic education which challenges the mind and centers the heart in the love of God and neighbor.

PROGRAM

Incarnation School is fully accredited by the Western Association of Schools and Colleges (WASC) and the Western Catholic Educational Association (WCEA).
